

South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Grades: K-10 Elementary
Enrollment: 537 students
School Phone: 843-784-2630
School Website: <http://www.rloacs.org>

Principal: Karen M. Wicks, Ph.D.
Superintendent: Wayne Brazell, Ph.D.
Board Chair: Warren Engle

Profile of the SC Graduate

World Class Knowledge

- Rigorous standards in language arts and math for career and college readiness
- Multiple languages, science, technology, engineering, mathematics (STEM), arts and social sciences*

World Class Skills

- Creativity and innovation
- Critical thinking and problem solving
- Collaboration and teamwork
- Communication, information, media and technology
- Knowing how to learn

Life and Career Characteristics

- Integrity
- Self-direction
- Global perspective
- Perseverance
- Work ethic
- Interpersonal skills

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

RLOA is committed to producing students who fit the Profile of the SC Graduate as evidenced in our mission: Every child should taste success! No child deserves to fail! RLOA provides an individualized, hands-on, engaging learning environment where every child can acquire the secrets to success for college and careers. Our academic programs and instructional practices empower students to maximize personal and professional growth. Regarding World Class Knowledge RLOA scholars are instructed according to SCDE standards, which are prioritized, unwrapped and paced. Project Lead the Way standards and assessments measure students' performance in classes like Principles of Engineering; scores of 8 or above grant students opportunities for college credits at USC. For World Class Skills we foster individual and collective creativity in many ways. Our Arts program encourages students to express their understanding of curricula and social issues in their products, e.g., our 2014 K-12 Arts fundraiser for a royal knight with cancer. Students in the Arts Career Cluster have opportunities to join groups like the National Art Honor Society or take classes in which they publish real-world products. They have opportunities to display and improve their talents through after-school clubs or student productions. Problem-based learning facilitates students' ability to use creative procedures to reflect and work with a team to find solutions. Finally, we want students to master and exhibit the life and career characteristics outlined in the Graduate Framework. We encourage academic integrity by requiring original, quality work from every student before a grade is awarded. Teachers employ syllabi, product models and assignment calendars to teach students the importance of self-direction and time management. The global perspective is built into each core class where teachers help students reflect on the need for certain skills in the workplace and on how their academic profiles compare to peers' profiles worldwide. Protocols for assignment revision are taught, facilitated and evaluated to help students learn to persevere regardless of challenges and use working relationships for synergistic success. We want our students to understand that effective learning is constant, reflective and productive; we teach the critical thinking skills required to problem solve, manage daily routines, and find real-world solutions, thus preparing RLOA scholars to use their world class knowledge, skills, and life and career characteristics to make world-impacting change in their communities.

* 21st Century core courses in Social Sciences include History, Geography, Economics, Government and Civics.

KNOWLEDGE

The ACT Aspire assessment was given to students in grades 3-8 in Spring 2015. Students were assessed in the subject areas of Reading, English, Mathematics and Writing
